N. F. NIEDERLANDER.

MAINE AND KANSAS. Eagle, What James G. Blaine Knows of

Some of his prophecies have already tree. I cannot go through that histo-

been realized, and before he leaves the white house, all of them will be:

"y. What more shall I say?

Even the prophets of old in recommending the works of faith had not with the country is under deep and great advance.

Even the prophets of old in recommending the works of faith had not time to tell of Gideon, and of Barack, and of David, of Jonathan, of Samuel and of Sampson, and what shall I say of this young Sampson of the west? It shall be recorded of you as of the country is under deep and great obligations to them. I came for advertisements must be paid for advertisement advertisements must be paid for advertisement advertise the country is under deep and great obligations to them. I came from a distant home to be here to-day.

BLAINE'S TRIP.

I left on the early morning train of Monday, and traveled until the sunset and rose.

and again until the sun set and rose put to flight the armies of the aliens. yet another time before I saw your place. And yet, beyond, to the west, a man must go through as many sun-sets and as many sunrises before the imperial republic baths its western shores in the great Pacific sea. It is republic. It is an important thing to have had any part in saving such a republic. [Applause and cries of "that's business."] And for this bright star about the same as we had last year.

miracle of Kansas, what shall I say? In 1854, a period within the memory of men who still call themselves young, it lay here a vast, open waste, as little lion bushels. Putting it at twenty used to civilization as the steppes of bushels the average, we will have forty the Caucasus, or the plains of Tar-million bushels; that would be enough

hood, and before a single generation and young.
has filled its appointed lot on earth, This is a

but little more than your annual pro-duct, and the valuation of Kansas to-driven by the Niagara, and we would day in any money scale that represents have (thirty feet to the car) five hungress, would be well estimated at \$1,-000,000. Another fact is, that during ka to New York city.

ory of some of those whose young face es are now before me, when Kansas will have 5,000,000 people, and will export more than the whold United Stotes did when Kansas became a State. Speaking of the prairies of the west, Douglass Jerrold says they need but to be tickled with a bore to laugh with a harvest. That is what they with a harvest. The cone of the Louis of the Cool of the day; come before the crowds begin to come from the country, as mistakes are liable to occur under such circumstances. Of course mistakes are corrected should there be special attention paid to gynecology and electro-apone and galvanic baths. Office hours 8 to 10 a. s. and 2 to 4 p. s., and at high the cool of the day; come before the crowds begin to come from the country, as mistakes are liable to occur under such circumstances. Of course mistakes are corrected should there be any. I have the cool of the day; come before the crowds begin to come from the country, as mistakes are liable to occur under such circumstances. Of course mistakes are corrected should there be any and self-down will if ample time is allowed. But allowed may be the cool of the day; come before the crowds begin to come from the country, as mistakes are liable to occur under such circumstances. Of course mistakes are corrected should there be any and self-down will if ample time is allowed. But allow may be any and electro-vapor, electro-apong and galvanic baths.

TERRY & DUMONT,

Architects and Superintendents. Office in the cool of the day; come before the crowds begin to come from the country, as mistakes are corrected should there be any and self-down will if any to make the cool of the day; come before the cool of the day; to come f eighth of your land in cultivation, you are sending to the markets

markets of the world, enough to feed the entire nation, I was about to say WHO THE PEOPLE ARE. The people are an English speaking people. A large number of you, however, came here with another tongue, but we are people of rapid assimila-tion. Those coming to us from Germany, Denmark, France and Italy beome in the first, and assuredly in the second generation, American people, speaking the English tongue. When our torefathers won the battles of the Revolution, there were not in the

world more than 15,000,000 who spoke the English language. To-day the number exceeds 100,000,000, and they control a large majority of the commerce of the entire world. Now, therefore, it is not only the citizens of Kansas, not only the citizens of the United States of America, but as belonging to the English speaking race, that responsibilities are aid upon you, which will be handed down, not yet fully performed, to your children and to your children's child-

ren. I remember, myself, very well, I do not count myself anything but young yet. [Laughter] only 52. You call that young don't you?) hearing Gov. Rittner, of Pennsylvania, say when alluding to the mountain district of that state, when the valleys and fields would be unable to furnish food for the men working in the mountains. I have lived to see that prophecy fulfilled. The relation of Kansas to the mountains and mines west of her closely resemble those de-

scribed by Gov. Rittner, and a like change is coming upon her. WHAT SHALL BE. I believe, as I believe anything yet andeveloped, that the time will come when the products of Kansas will be carried westward over her border, instead of eastward. The time will come when the workers in the great mountains and great mines will be so nu-

merous that even these fertile plains will be taxed to keep them living and on his romantic trip to Mexico, a colonly came under the Duke of Albuquerque and settled in New Mexico.

They were there fifty years before our forefathers' feet struck Plymouth of picture frames in the city. Give him a friendly call and examine samples.

AUDITION 1 Rock, and a century before William

Penn sailed up the Delaware. The civilization planted with the colony has remained there intact and pre-served to this day, and it was my fortune in three successive congresses, to meet men as delegates from New Mexico whose fathers had settled Spaniards there forty-five years before the English landed at Jamestown. The civilization of the Spanish hidalgo yet remains and is still preserved

As to addressing this great crowd, I might as well attempt to address New Mexico and Arizona (" or all New England," cried a voice,) meaning as to space of course. Well, we of New FOR RENT A suite of rooms over Citizens England all have a share in you. I remember when they disputed some years ago in congress on the improve-ments of the Mississippi river, when a representative from the northwest

DEPARTMENT OF THE INTERIOR,
OFFICE OF INDIAN AFFAIRS,
WASHINGTON, D. C., June 25, 1884.

Sealed proposals, indursed "Proposals for
the construction of an industrial school building at the Wichita Agency, Indian Territory,"
will be received at this office until 12 o'clock
meridian, Wednesday, the 30th of July, 1884.
The building is to be of brick, to be furnished
and delivered on the site of the building by the
representative of the Indians; to be two stories,
35x00 feet—with two wings, 2 stories, 59x19 feet
each.

36x00 feet—with two wings, 2 stories, 50x10 feet each.

Complete plans and specifications of the work to be done can be examined at the office of Haskell & Wood, Topeks, Kansas; the Eagts, at Wichita, Kansas, and the Globe-Democrat, St. Louis, Mo.

The contract will be awarded to the lowest responsible bidder or bidders, subject to the approval of the Secretary of the Interior. The right is, however, reserved to reject any and all bids, if deemed for the best interest of the service.

service.

Proposals must state the length of time required for the completion of the building after the approval of the contract.
